OUR VALUES

HANDMADE BY ARTISANS

The World's most handmade cards, which each take more than one hour to create.

GIVING BACK

Each purchase supports the Christina Noble Children's Foundation, which protects vulnerable children in Vietnam and Mongolia from poverty and exploitation, and provides them with the childhood they deserve.

AN ETHICAL APPROACH

Made from Italian FSC certified paper that has been recycled or is from regenerated forests, in studios that guarantee excellent working conditions.

This product has been sourced from PAPER ART VIET, a WFTO Guaranteed Fair Trade Enterprise.

OUR COLLECTIONS

Origamo products celebrate paper and craft. From the complex structural pop-up designs of our Kirigami Collection to the intricate paper quilled Filigrana Collections, each card takes more than an hour to make.

Origamo®

BOOKMARK COLLECTION

The World's most handmade bookmarks

Our new range featuring a vibrant range of designs and Origamo's paper crafting skills!

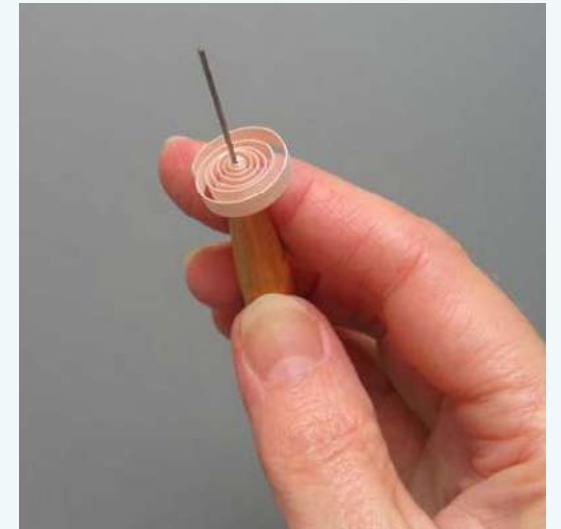

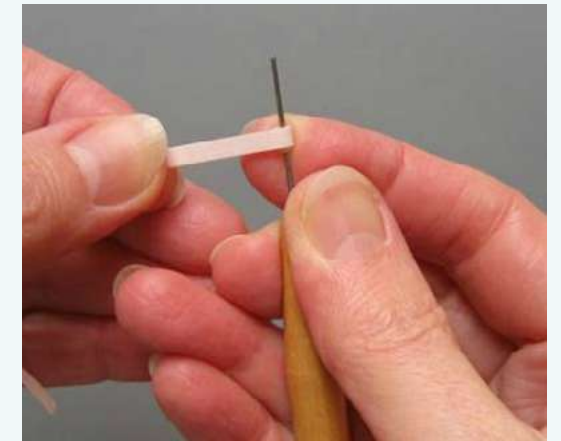

Origamo are well known for selling their beautiful handmade greeting cards all over the World. Now we have developed our paper techniques into a range of bookmark products, with the same level of intricate quilled or pop-up details.

With plastic-free packaging and wooden display options to suit your space, the bookmarks also maintain our brand values, and raise money for the Christina Noble Children's Foundation.

The ideal gift for all Book Lovers!

PAPER TECHNIQUES: FILIGRANA QUILLING

Featuring a paper filigree technique first used by Monks to embellish manuscripts during the Italian Renaissance period, paper quilling is an intricate process of curling strips of paper into a variety of shapes, and combining them to enhance an illustration.

The process means our talented artisans have to shape and glue every section of paper on every one of our filigrana products; which makes up the majority of our new Bookmark range.

THE EVERYDAY COLLECTION

With a broad range of themes suiting different hobbies, lifestyles and interests, the Origamo bookmarks make a beautiful gift for anyone! Featuring intricate quilled or clever folding 'pop-up' details.

This is why they are
"The World's most handmade bookmarks!"
